PPT TRIVIA GAME

SONGS \$100

"Let it snow, Let it snow, Let it snow!"

This song was written during a California heat wave in July 1945. The song never mentions the holiday season because it wasn't written to be a holiday song.

NO PREP NEEDED!

HOW TO PLAY THIS GAME:

1. No prep needed! You can play this game "straight out of the box"!
2. Divide students into teams of 3-4. I usually have the teams move desks so they can confer on answers.
3. Keep score on a whiteboard (teacher or student volunteer), or ask one person on each team to keep track of the scores.
4. Team 1 picks a category and dollar amount. Click the question. If the team answers correctly, they "win" that dollar amount.
5. If Team 1 answers incorrectly, they either get zero points for the question, or (more challenging) they lose the dollar amount.
6. Click "See Question Again" to return to the question. Or, click "Back to Game Board" to return to the game board.
7. When you return to the game board, the dollar amount for that question will disappear. This question cannot be selected again unless you restart the game. Restarting the game will restore all dollar amounts to the game board.
8. Team 2 chooses the next question from the game board.
9. Continue to play until all the questions have been selected or class time is over. The team with the most money scored wins!

Not sure how to play? I included step-by-step instructions for game play. No prep needed!
