

# Monthly Library Challenge

## MARCH

### Creating a Video Booktalk

Video booktalks are fun for you and your students! This month's challenge focuses on student-created booktalks.

- Create a sample video booktalk. See the blog post for tips and ideas. This is a video booktalk you create as an example for your students.
- Post your video booktalk to your library website, school website, and/or social media. If you are posting to Instagram, Twitter, or Facebook, please consider using the following hashtags so students and other librarians can find them easily:

#ESbooktalk (elementary titles)

#MSbooktalk (middle school titles)

#YAbooktalk (YA titles)

#ADbooktalk (Adult titles)
