# WHAT PEOPLE ARE SAYING ABOUT THIS “HEARTS” DIGITAL BULLETIN BOARD...

I used this to decorate the hallway in our school. Students stopped and read the information on the pages and found it engaging. I loved the variety of information given and that it was themed around Valentine's Day. The information was not mushy, so even middle school students didn't roll their eyes.

...The trivia questions and interesting facts are built around a theme and add a fun element when students visit the library. It also includes "Recommended Reads" lists that I print and place near my monthly book displays...
