GAME INSTRUCTIONS

HOW TO PLAY THIS GAME:

1. No prep needed! You can play this game "straight out of the box"!
2. Divide students into 4-5 teams. I usually have the teams move desks so they can confer on answers.
3. Keep score on a whiteboard (teacher or student volunteer), or ask one person on each team to keep track of the scores as they play.
4. Team 1 picks a category and dollar amount. Click the question. If the team answers correctly, they "win" that dollar amount.

If the team answers incorrectly, they lose the dollar amount.

Not sure how to play? I included step-by-step instructions for game play. All the games are played the same way, so once students play one game, they will understand how to play all of them.
