MOSTLY C ANSWERS: THE INNOVATOR

Innovators are good at many things, but they are superstars in subjects like science, technology, and math. Innovators are smart, creative, and like lots of action. Like Questioners, Innovators may find it difficult to trust others and may prefer to work alone instead of in a group.

Pet peeves: Sitting still; staying in one place; working in a group, especially when you have a great idea that no one else likes

Genres for Innovators:
Science fiction, action-adventure, survival, superhero stories

ELEMENTARY VERSION

MOSTLY G ANSWERS: THE COMEDIAN

Comedians are easy-going and take each day as it comes. They love a good laugh! Comedians tend to be well-liked among their peers and teachers. They may be disorganized or lose things easily. Comedians may say they “don’t like to read,” but often, they have only been reading books that are too serious, too difficult, or assigned for school.

Pet peeves: Stress, anxiety, worrying, feeling like they can’t do something, being compared to others, feeling pressured to do something they don’t want to do, too many details

Genres for Comedians:
Humor, diaries and journals, graphic novels, funny poetry, comics, joke books; relax with How-To-Draw, craft, or origami books
