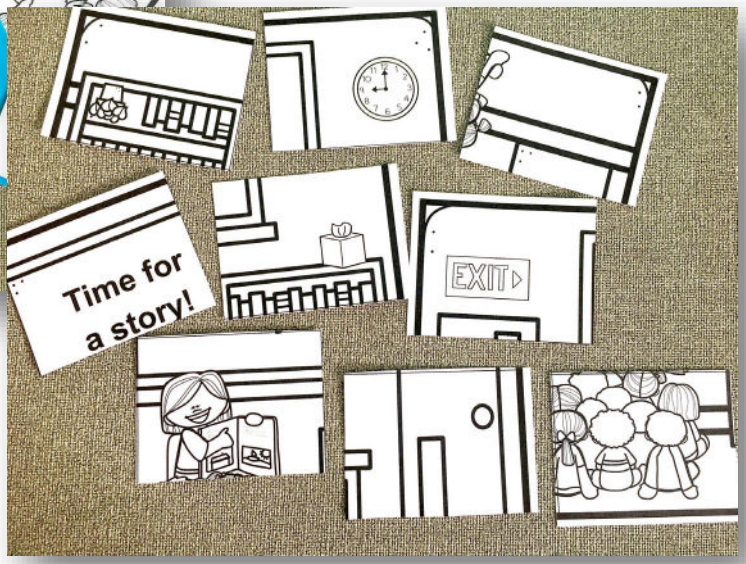
LIBRARY ORIENTATION SCAVENGER HUNT (K-2)

Some parts of this resource are editable.



You can change the library locations to suit your library!

In small groups, students find important library items (tissues, checkout station, etc.). At each station, groups find a different puzzle piece. Once all 9 pieces are collected, student groups assemble the puzzle to get a colorable sheet of the puzzle.

WHAT PEOPLE ARE SAYING

My students enjoy the slides. They LOVE that they are learning sign language too. After each lesson during check out they have an opportunity to do the scavenger hunts. So engaging from beginning to end. Thank you.

WHAT PEOPLE ARE SAYING

I have done several library scavenger hunts with my classes. This one is by far the best! It gives great opportunity for students to become familiar with the organization of the library books as well as working together!
